LIZZI JULIET SALVATIERRA

INFRASTRUCTURE ANALYST | SYSTEMS & PLATFORMS

Córdoba, Argentina | salvatierra.lizzi@gmail.com

PROFESSIONAL SUMMARY

Infrastructure and systems support professional with experience in on-premises environments, virtualization, storage, and Kubernetes platform operations and troubleshooting. Primarily supported the SABIA-Mar mission Ground Segment, including its Mission Operations Center (MOC). Focused on incident investigation, problem resolution, service continuity, and infrastructure improvements.

TECHNICAL SKILLS

Infrastructure: Physical and virtual servers · on-premises environments · Isilon and 3PAR storage · networking and switches

Virtualization & containers: VMware vSphere · Proxmox · Kubernetes · Docker · Helm

Systems & operations: Linux · incident investigation and troubleshooting · maintenance · service continuity

Tools & services: Ansible · Git/GitLab · PostgreSQL/Patroni · MongoDB · InfluxDB · Grafana · Graylog/Elasticsearch · Apache Airflow · NGINX

PROFESSIONAL EXPERIENCE

Infrastructure Analyst | VENG S.A. · *Sep 2021 – Oct 2026*

- Supported, administered, and troubleshot the on-premises infrastructure of the SABIA-Mar mission Ground Segment, with particular focus on the Mission Operations Center (MOC).
- Operated and maintained MOC services running on Kubernetes hosted on virtual machines and on-premises infrastructure; investigated incidents, validated configurations, and resolved technical issues.
- Administered and supported VMware vSphere and Proxmox virtualization environments, servers, networking, and storage platforms including Dell EMC Isilon and HPE 3PAR.
- Investigated and troubleshot Linux infrastructure components, containers, databases, monitoring, and automation services involved in mission operations.
- Provided occasional, limited-scope technical support for SAOCOM mission systems; SABIA-Mar remained the primary assignment.

Technical Support / ERP Consultant | Flexxus S.A. · *Jan 2021 – Sep 2021*

- Provided technical support and consulting for an ERP solution, addressing user inquiries and incidents.

Technical Support Specialist | VOICENTER S.R.L. · *Nov 2015 – Dec 2020*

- Handled requests through a ticketing system, maintained and repaired PCs, and installed operating systems.

Technical Support Specialist | UEPC · *Mar 2020 – Nov 2020*

- Supported end users and installed, upgraded, maintained, and repaired computer equipment.

Technical Instructor | Instituto Celsius · *Aug 2017 – Dec 2018*

- Delivered technical training in mobile phone repair.

Maintenance and Quality | CIIECCA · *Aug 2013 – Sep 2015*

- Developed and carried out equipment and infrastructure maintenance plans within a quality management system.

Technical Support | V/N · *Dec 2012 – May 2013*

- Provided technical assistance to small and medium-sized business customers.

Electrical Installer | Electrotecnia Maroglio · *Oct 2012 – Nov 2012*

- Performed electrical installations in office premises.

Technical Support / Data Entry | Interlínea S.R.L. · *Feb 2010 – Oct 2012*

- Provided on-site technical support and entered data into web-based systems.

EDUCATION

Computer Technician | Instituto Superior en Computación LL118

1998 – 2002 · Technical degree · Graduated
